Pillar 1: Simplify Hiring

Definitions of HR Matching Markets

Addressable Markets

Job Advertising and Talent Sourcing

A collection of online and offline tools and services that help employers advertise jobs, source candidates, and build and promote their online employer brand

Direct Hire

Where agencies are paid fees for placing permanent workers at employers (alt: Permanent Placement)

Retained Search

Where agencies are paid an upfront fee to exclusively search for employees to fill specific roles at employers, commonly executive roles

Temporary Staffing

Where agencies are paid to find and employ, or facilitate employment of, workers for a temporary period for business clients

Internal Recruitment Automation

Estimate of how much of spending on internal talent acquisition resources and tasks that can reasonably be automated and monetized by third parties

1. The total of the number of applications on Rikunabi NEXT, TOWNWORK, and RECRUIT AGENT, the number of individual users who were referred to our business clients at SUUMO Counter, the number of online reservation on Hot Pepper Beauty, the number of hotel bookings on Jalan, the number of seats reserved on Hot Pepper Gourmet, and the number of payments through AirPAY during the period from April 1, 2022 to March 31, 2023.
2. Cumulative number of registered accounts of paid and unpaid SaaS solutions provided by Matching & Solutions SBU in Japan as of March 31, 2023. Registered accounts refer to the number of stores and business locations that have registered for each relevant service including both active and non-active accounts.
3. Total gross payment volume of offline payments through AirPAY terminals, including QR code payments through AirPAY QR, and online payments through AirPAY ONLINE. (Since the revenue generated from the payment processing fee we collect is based on a very small percentage basis of total gross payment volume, changes in total gross payment volume are not necessarily proportional to changes in our total revenue)
4. Rounded down to the whole number.
5. Rounded down to the third decimal place.
6. Rounded down to the second decimal place.
Pillar 2: Help Businesses Work Smarter

The Estimated Number of Business Locations and Stores
Huge Potential for Account Expansion through
Further Introduction of Existing Services and Launching New Services

The Company estimated the number of business locations and stores that can be potential users of SaaS solutions provided by Matching & Solutions SBU as of June 30, 2022 in Japan by identifying the total number of business locations and stores of small and medium-sized enterprises in Japan (using the definition used by Small and Medium Enterprise Agency) based on the 2016 Economic Census for Business Activity conducted by the Ministry of Internal Affairs and Communications and the Ministry of Economy, Trade and Industry. Considering the solutions (including AirWORK ATS) provided by Matching & Solutions SBU in Japan as of June 30, 2022, the Company now believes it is possible to provide its SaaS solutions to all business locations and stores of small and medium-sized businesses regardless of the industry. Accordingly, the Company decided to count all such business locations and stores as potential users of its SaaS solutions. Matching & Solutions SBU continues to target potential users among small and medium-sized businesses as defined by Small and Medium Enterprise Agency based on the current major target for potential users of SaaS solutions.

Prosper Together

Seek sustainable growth that every stakeholder shares
Pillar 3: Prosper Together

Our Commitment to Sustainability

Environmental
Climate Action

Become carbon neutral throughout our business activities by FY2021 and our entire value chain by FY2030²

Social
Social Impact

Shorten the time it takes to get hired by half by FY2030³

Help 30 million people facing barriers get hired by FY2030⁴

Social
Our People

Achieve gender parity across all employee levels by FY2030⁵

Governance
Corporate Governance

Reach gender parity of the Board of Directors members including Audit & Supervisory Board members by FY2030⁶

---

1 The years indicated are Recruit Holdings’ fiscal years (FY), which begin on April 1 each year and end on March 31 of the following year. All targeted figures displayed here are approximate.

2 Carbon neutrality includes reducing greenhouse gas (GHG) emissions as well as offsetting the remaining emissions. GHG emissions throughout business activities are the sum of direct emissions from the use of fuels in owned or controlled sources (Scope 1) and indirect emissions from the use of purchased electricity, heat, or steam in owned or controlled sources (Scope 2). GHG emissions from the value chain are indirect emissions other than Scope 1 and 2 (Scope 3). The entire value chain represents the total of Scopes 1, 2 and 3.

3 The period from the time a user starts an active job search on the Indeed job platform to the time the users confirm receipt of a job offer.

4 The initiative as of today includes providing assistance through the Company’s online job platform, and through partnerships with NPOs and other organizations with whom the Company collaborates. The Company may also aim to reduce other various barriers, including newly emerging issues in the labor market by FY2030.

5 All employee levels refer to the following three groups including all employees, managerial positions, and senior executives. Senior executive positions are defined as Senior Vice Presidents and Corporate Officers of Recruit Holdings and Matching & Solutions Strategic Business Unit (SBU), and CEOs of the Company’s major subsidiaries and heads of key functions in the HR Technology and Staffing SBUs. Figures for managerial positions and employees are calculated from Recruit Holdings, SBU Headquarters, and primary operating companies of each SBU. Managerial positions mean all of those that have subordinate employees.

6 The Board of Directors members are defined as Directors of the Board and Audit & Supervisory Board members.

Disciplined Capital Allocation toward Strategic Action and Shareholder Returns supported by Strong Financial Position

01  Product development and marketing expense for existing businesses for future growth

02  Continuous payment of stable per-share dividends

03  Strategic M&A mainly focused on HR Technology in the HR Matching Market

04  Share repurchase program, depending on the capital markets environment and the outlook of the Company’s financial position

1 The Company’s ROE target is approximately 15%.
   The Company also applies a hurdle rate exceeding the cost of capital when evaluating each investment opportunity, and focuses on achieving capital efficiency above the cost of shareholders’ equity on a consolidated basis.
